

eExit Interview

Interviewing a former employee may help leverage key resources in your company.

An Enhanced Way To Conduct Exit Interviews:

Exit Interviews provide an opportunity to ask pertinent questions to learn more about a departing employee's job experience and reason for leaving. Currently, Mintz Global Screening offers standard methods of Exit Interviews via the phone. As we continue to enhance our service offerings and leverage the most up-to-date technology we are launching our NEW electronic Exit Interview service: a more efficient way to conduct your exit interviews in order to receive correlated data with previous employee's responses. Electronic Exit Interviews are becoming popular among businesses as a measurement tool to attract and keep talent especially in an employee driven market. Utilizing this technology allows your business to learn insider knowledge from former team members, all online.

We want to make it easy for you to get the knowledge you need and using eExit Interviews will provide it all at your fingertips.

You'll Get Outcomes That Help:

-  Reduce your turnover rate and retain your talented employees.
-  Discover the main areas for improvement within your organization and what your organization does well.
-  Get a real, uncensored picture of what former employees think about your business.
