

eReferences

Conveniently conduct online reference checks of an applicant.

An Enhanced Way To Get Your Applicant's References:

Capitalizing on innovative technologies, Mintz Global Screening has developed an eReference tool to address an industry need for a faster and more flexible way to complete reference checks. Utilizing cutting-edge technology, Mintz Global Screening created the eReference tool to address a pressing need within the industry for a quicker and more adaptable method of checking references.

Our eReferences are based on a responsive design, meaning they can be completed using any device with access to an Internet browser. The technology also allows us to reach referees internationally and let them complete questionnaires on their own time and their own schedule. This considerably increases the reference's response rate.

With Mintz Global Screening's eReferences, You can:

-  Access your applicants' references from anywhere.
-  Receive feedback in 48 hours with a 90% response rate.
-  Confirm that references are automatically contacted by email and text.
-  Ensure the applicant you choose has the specific abilities needed for the position.
